## Hepatitis B Vaccine Declination

I,	understand that due to my
occupational exposure to blood or other poten	itially infectious materials, I may be at risk
of acquiring Hepatitis B virus (HBV) infection	n. I have been given the opportunity to be
vaccinated with Hepatitis B vaccine, at my ov	vn expense. However, I decline Hepatitis B
vaccination at this time. I understand that by	declining this vaccine, I continue to be at
risk of acquiring Hepatitis B, a serious disease	e. I also understand that I may be refused
placement at clinical sites that require proof o	f Hepatitis B vaccination. If in the future I
continue to have occupational exposure to blo	ood or other potentially infectious material
and I want to be vaccinated with Hepatitis B	vaccine, I can initiate the vaccination series.
